The Central Intelligence Agency (CIA) yesterday withdrew the 90-day termination notice it had given to Juan Ryan of South Orange, N. J.

Ryan, who was hired by the agency in August, 1955, received the notice of his forthcoming dismissal about three weeks ago. A CIA spokesman said Ryan appealed and his appeal was upheld yesterday.

The spokesman said Ryan was accused of marrying an alien without permission. Ryan married Philomena O'Neill, an Irish immigrant. The couple live in Arlington. Ryan is a member of the agency's training program.
